HOW TO USE THIS CATALOG

This documentation catalog has been designed to keep AT&T 3B computer and UNIX™ System customers informed of the most current documentation from AT&T, Inc. This catalog contains:

- **Ordering Information**
- **An Explanation of the Standard Terms and Conditions of Sale**
- **Miscellaneous Documentation Independent of Computer Installation.**
- **Documentation Indexed by Computer System and Operating System Release.**
- **Documentation for UNIX System V Dependent on Computer Installation.**
- **Documentation Indexed by by Order Code.**

The first section, *How to Order*, explains how to order documents by phone or mail; it also presents important information to expedite the process. *Standard Terms and Conditions of Sale* outlines the terms and conditions for purchasing documents from AT&T, Inc. The core of this catalog is the section *Documentation Indexed by Computer System and Release of Operating System.* This section is organized into sections by AT&T Computer System and other Computer Systems as follows:

- **AT&T 3B2 Computer**
- **AT&T 3B15 Computer**
- **AT&T 3B5 Computer**
- **AT&T 3B20S Computer**
- **AT&T 3B20A Computer**
- **Documentation for UNIX System V on Machine Dependent Installations.**

Each computer system section is further divided into specific combinations of model number and UNIX System release number.

For example, the section for **AT&T 3B2 Computer** is broken down into three subsections:

AT&T 3B2 Computer Model 400 UNIX System V - Release 2.0
AT&T 3B2 Computer Model 310 UNIX System V - Release 2.0
AT&T 3B2 Computer Model 300 UNIX System V - Release 2.0

Each subsection lists the appropriate documentation for the appropriate **AT&T 3B2 Computer**. Therefore, be sure to refer to the appropriate documentation list that specifies your computer system and UNIX System V Release Number before ordering any documents.

After finding the appropriate list, note that there are usually two types of available documentation:

- System Documentation--includes all documentation for the specified system, excluding those documents that support optional capabilities.
- Optional Capability (Add-On) Documentation--includes documentation for optional products that provide additional capabilities.

System Documentation is always listed first and is arranged in numerical sequence by order code.

After the list of system documentation, optional capabilities are arranged alphabetically. Each optional capability heading is preceded by the words **Add on:** in the far left column. Underneath each heading is a list of documentation for that option. These documents are arranged in numerical sequence by order code.

Note: The optional capabilities themselves are not orderable through this catalog.

HOW TO ORDER

How to Order by Phone

Use the following numbers to place documentation orders by telephone:

1-800-432-6600 (toll free within the continental United States)

1-317-352-8556 (outside the continental United States)

How to Order by Mail

To order by mail, send the order form at the end of this book to the following address:

AT&T Customer Information Center
Commercial Sales Representative
P. O. Box 19901
Indianapolis, Indiana 46219

Important Ordering Information

- Indicate your desired shipping address on the top of the order form. Fill-in any other appropriate additional information.
- If necessary, partial shipments will be made unless otherwise indicated.
- Fill-in the six-digit order code number, the issue number (if applicable), and the title for each document you wish to order. Be sure to also specify the desired quantity, unit price, and total cost (extended amount) for each document you order.
- Use the most current directory for prices when ordering. Prices listed for documentation in this catalog are effective January 1, 1986 and are subject to change without notice.
- Orders are subject to AT&T, Inc., standard terms and conditions.

DISCOUNT SCHEDULES

Use the bulk discount schedule when ordering multiple quantities of an order code as indicated below:

QUANTITY	DISCOUNT
1 - 10	0 %
11 - 50	10 %
51 or more	15 %

STANDARD TERMS AND CONDITIONS OF SALE

Taxes

All sales are subject to your state and local taxes. If your organization is tax exempt, please provide a copy of your exemption certificate in lieu of taxes (except in the following states: Alaska, Arkansas, Delaware, Hawaii, Maine, Montana, New Hampshire, Oregon, South Dakota, Vermont and Wyoming. Illinois: 5% only).

Payment

Check, Money Order, or Charge Card (VISA, American Express or MasterCard) are required on all orders.

Make checks payable to: **AT&T, Inc.**

Delivery

AT&T, Inc., provides for basic transportation of shipments inside the continental United States unless the customer requests otherwise. The difference between the basic and the authorized premium transportation costs is billable to the customer.

Orders shipped outside the continental United States must include transportation charges.

Returns

Documentation may not be returned for credit without the prior authorization of AT&T, Inc. Any discrepancies in orders must be reported to AT&T, Inc., within thirty days from the date of shipment.

Availability

AT&T, Inc., reserves the right to withdraw a listed title from this catalog without prior notice.

WARRANTY

AT&T, INC., MAKES NO REPRESENTATIONS OR WARRANTIES, EXPRESSLY OR IMPLICITLY, INCLUDING, BUT NOT LIMITED TO, IMPLIED WARRANTIES OF MERCHANTABILITY AND FITNESS FOR A PARTICULAR PURPOSE, WITH RESPECT TO DOCUMENTATION CONTAINED IN THIS CATALOG AND SHALL NOT BE LIABLE FOR ERRORS CONTAINED IN SUCH DOCUMENTATION OR FOR ANY CLAIM FOR INDIRECT, SPECIAL, RELIANCE, INCIDENTAL, OR CONSEQUENTIAL LOSSES, DAMAGES OR EXPENSES ARISING OUT OF THE USE THEREOF.

NOTES

Note: 1 - Each order code has a two-character suffix which indicates restrictions on the distribution of the document in question. The restriction codes are as follows:

FIELD 1 : Restrictions	FIELD 2 : Software License
O = Restricted to Customers with non-disclosure agreements	S = Source License required
A = Restricted to AT&T	P = Purchase Agreement required
D = Restricted to Domestic Customers	. = no license required
. = no restrictions	

Note: 2 - Existing 3B2 customers with earlier operating systems (UNIX System V R1.0 or R1.0.1) are eligible to be upgraded to UNIX System V R2.0 free of charge (labor and materials in the continental United States, materials only outside the United States). If you would like more information on the upgrade from UNIX System V R1.0 or R1.0.1 to UNIX System V R2.0 please contact your account representative. Documents for R1.0 and R1.0.1 are no longer available.

Note: 3 - Existing customers with AT&T 3BNET R1.0 are eligible to be upgraded to AT&T 3BNET R2.0 free of charge (labor and materials in the continental United States, materials only outside the United States). If you would like more information on the upgrade from AT&T 3BNET R1.0 to AT&T 3BNET R2.0 please contact your account representative. Documents for R1.0 are no longer available.

Note: 4 - Documents for IWB R2.3 are no longer available.

Note: 5 - This is a non-supported product.
